**DETAILED ACTION**

***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-9, drawn to a pixel having a current source in parallel with the photosensitive element, classified in class 250, subclass 208.1.
  - II. Claims 10-12, drawn to a method of obtaining a calibrated read out signal from a pixel, classified in class 250, subclass 214R.
  - III. Claims 13-15, drawn to a pixel having a transistor configuration in series, classified in class 257, subclass 290.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions of Group I, Group II and Group III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions do not share any common elements. One invention has a parallel circuit configuration having a current source while the other invention has series connected transistors with no current source. The method also claims matter which is not included in any of the other inventions.

Art Unit: 2878

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. A telephone call was made to Stephen Jensen on March 30, 2000 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

#### ***Conclusion***

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thanh X. Luu whose telephone number is (703) 305-0539. The examiner can normally be reached on Monday-Friday from 8:00 AM - 5:00 PM.
